As you move through your career, you may have changed jobs for new opportunities, exciting challenges or increased rewards. All very solid reasons.

The downside is it could leave you juggling a number of retirement accounts from past employers. And that means statements from different plan accounts to track down, even passwords to remember, each time you want to measure your progress toward your retirement goal. Plus, it’s likely that you’re paying fees on all those accounts.

Instead, you could be enjoying one easy-to-manage experience—with one statement and one number to call if you have questions or need help.

ONE AND DONE.
Simply combine those past accounts, including 401(k)s, 403(b)s, 457s… even IRAs, into your current retirement plan with John Hancock.

With a single account, you’ll have a number of advantages, including:

- More complete view of your retirement picture as well as any ongoing activity
- One strategy for handling your investments, so they fit into an overall portfolio
- Easier way to track how you’re doing against your retirement savings goal
- Fewer fees than you were likely paying for all those accounts

Our team of specialists makes the process easy to combine past accounts into your current plan with John Hancock. We can handle all of the details—at no cost to you. We’ll even help with contacting other providers, so you don’t have to go it alone.

See if combining accounts is right for you. Call us at 1.877.525.7655, Monday through Friday, 8:30 a.m. – 7:00 p.m. ET.

IT’S SIMPLE. IT’S MANAGEABLE. WE CAN HELP.

As other options are available, you are encouraged to review all of your options to determine if combining your retirement accounts is suitable for you. John Hancock Life Insurance Company (U.S.A.)
